PUBLICITY

The Prize Competition shall be promoted on the Giro d'Italia website (<https://www.giroditalia.it/>) and on the FantaGiro d'Italia website and App (<https://www.fantagiroaditalia.it/>), where these full Terms and Conditions shall be made available.

The Promoter reserves the right to adopt additional forms of advertising, in compliance with and in accordance with the provisions of Presidential Decree No. 430/2001 governing prize competitions.

All promotional communications relating to the Prize Competition shall be consistent with these Terms and Conditions.

MECHANICS OF THE COMPETITION

The Promoter hereby organises the present Prize Competition, which shall be conducted in accordance with the terms and conditions set out below.

In particular, participation shall take place via the **FantaGiro d'Italia** Website and App, accessible upon registration at the following link: <https://myaccount.giroditalia.it/> by completing the registration form with the mandatory data indicated therein, or by logging in where Participants are already registered.

In order to complete the registration process, each Participant shall be required to declare that they have read, understood, and accepted these Terms and Conditions.

Upon completion of registration, from 8 April 2026 until 23:59:59 on 30 May 2026, in order to take part in the Competition, Participants shall be required, as a preliminary step, to access the Website or App and create at least no. 1 (one) team consisting of 8 riders and to appoint a captain.

Team creation shall be available from 8 April 2026, at which time an initial list of riders from which to select shall be made available.

By 7 May 2026, the official list of riders participating in the Giro d'Italia 2026 shall be published.

Should a Participant have included in their team one or more riders not appearing on the official list, such Participant shall have the opportunity to replace them with other riders selected from those available. Such action must be completed by 23:59:59 on 7 May 2026 and in compliance with the maximum budget of 100 Wolfie.

Should the Participant fail to carry out such replacement within the aforementioned deadline, the system shall automatically replace any non-participating riders by randomly assigning riders who are effectively participating in the Giro d'Italia 2026 and whose FantaQuotation is less than or equal to that of the replaced rider. In any event, the Participant shall retain the right to modify such assignment during the periods designated for the "Repair Market".

Subsequently, Participants may:

- a) participate automatically in the Prize Draw Phase: following registration and the creation of at least one team with the appointment of a captain, in accordance with these Terms and Conditions, each Participant shall be entered no. 1 (one) time into the file used for the purpose of drawing the dedicated prizes.
- b) from 8 May 2026 to 31 May 2026, accumulate points for the purposes of the FantaGiro d'Italia 2026 Sporting Ranking, for the allocation of the relevant prizes. During the same period, all Participants who have taken part in the Sporting Ranking and who, as at the start date of the Competition (8 April 2026), are aged between 18 (eighteen) and 26 (twenty-six) years inclusive, shall be included in a specific file for the purposes of the draw of the dedicated prize, irrespective of the score achieved (further details below).
- c) from 7 May 2026 to 31 May 2026, participate in the FantaScore for each stage, namely by completing a daily entry form, one for each stage of the Giro d'Italia, which may be completed from 20:00 on the day preceding the relevant stage until 12:00 on the day on which such stage takes place. After this deadline, the entry form may no longer be modified. It is specified that, for Stage 7 and Stage 20, participation shall be possible from 20:00 on the day preceding the relevant stage until 10:30 on the day on which such stage takes place.

For the purposes of the Prize Competition, only one registration per Participant shall be permitted, and the Promoter reserves the right to verify compliance with this rule. Should multiple entries by the same Participant be identified, such Participant shall be disqualified and shall not be admitted to the

Competition. Each email address may be associated with only one Participant, and each Participant may register using a single email address only.

Participation under a false name or false identity/fictitious identity shall not be permitted, nor shall the duplication of entries be allowed. In this regard, the Promoter reserves the right, at any time, to request a copy of a valid identity document in order to verify the accuracy of the personal data provided and the identity of the Participants, and to take any appropriate action in the event of a breach of this provision).

➤ **Prize DrawPhase:**

All Participants who, from 8 April 2026 until 23:59:59 on 30 May 2026, have completed registration and created at least one team, appointing a captain in accordance with these Terms and Conditions, shall automatically be entered into the draw for the prizes allocated to this Phase.

For the purposes of the draw, a file shall be prepared containing all Participants who have taken part in the Prize Draw Phase in accordance with the procedures described above.

Each Participant shall be included in such file only once, irrespective of the number of teams created.

➤ **FantaGiro d'Italia Sporting Ranking Phase**

FantaGiro d'Italia is a fantasy game, namely a simulation allowing eligible participants to create and manage a virtual cycling team in connection with the Giro d'Italia 2026. After each stage, the virtual team shall obtain a score determined by the performance of the individual riders and shall be ranked accordingly.

In particular, each Participant shall, from 8 April 2026 until 23:59:59 on 30 May 2026, create their own team by selecting no. 8 (eight) riders from among those participating in the Giro d'Italia 2026 and appoint one of them as captain. The captain shall score double points based on the finishing position in each stage.

Once the team has been created in accordance with the procedures indicated on the Website, it may not be modified, save as provided under the paragraph entitled "Repair Market".

Each Participant may create a maximum of no. 5 (five) teams.

For the purposes of team creation, it is specified that:

- the maximum budget for each team is no. 100 (one hundred) Wolfie;
- all riders available on the FantaGiro Website and App shall be assigned a "FantaQuotation" (determined on the basis of world rankings, bookmakers' odds, physical condition/form, communications from the relevant teams, etc.) and a corresponding value in Wolfie (the official currency of FantaGiro d'Italia). The value of riders and/or the captain may be subject to change at the discretion of the FantaGiro d'Italia editorial team, depending on results achieved, the type of stages to be contested, the riders' physical condition, statements made by riders or teams, or any withdrawal of the rider. It is specified that the riders' quotations, expressed in Wolfie, are made available on the official FantaGiro d'Italia Website and App and are valid exclusively at the time the team is created by the user.

In particular, the FantaQuotations shall remain unchanged:

- from the opening of registrations and team creation, scheduled for 8 April 2026, until the day preceding the first repair market session (up to and including 17 May 2026);
- they shall be updated during the first repair market session scheduled for 18 May 2026 and shall remain unchanged until the day preceding the second repair market session (up to and including 24 May 2026);
- they shall be further updated during the second repair market session scheduled for 25 May 2026 and shall remain unchanged until the end of the Giro d'Italia 2026 (up to and including 31 May 2026).

- each team shall compete in accordance with the procedures set out below.
